SUBJECT: DIRECT DEPOSIT QUARTERLY REPORT

This is to provide you with an updated report on the current number of participants who signed up to receive their cash benefits by Direct Deposit for the quarter July through September 2002.

During the quarter, nearly 600 individuals signed up for direct deposit, bringing the total number of individuals receiving their benefits via direct deposit to nearly 9,000 (three percent of Department's 300,000 cash aid participants). There was an average of 8,312 payments issued each month via Direct Deposit during this quarter. It must be noted that the actual number of Direct Deposit payments issued each month will never be the same as individuals signed up because some individuals are discontinued after they signed up, but before the payments are issued.

We will continue to provide a quarterly update to your Board on our progress.
